

## finding duals

This seems to be a good resource in the step by step process to find the dual. I am still working through it.

<http://www.cs.columbia.edu/oms6998-3/lpprimer.pdf>

and another example here:

<https://math.stackexchange.com/questions/525580/finding-dual-of-linear-programming-problem>

hw7

~ An instructor (Xinyu Wang) thinks this is a good note ~
